

BRYAN CAUSES  
WILD UPROAR

Introduces Resolution Placing  
Convention on Record Re-  
garding Candidates.

JEERS AND CATCALLS WHEN  
FULL IMPORT IS REALIZED

After Resolution Is Modified Its  
Adoption Takes Place by  
a Two-thirds Vote.

Baltimore, June 28.—William Jennings Bryan led the Democratic convention into a declaration of progressiveness unheard of in political history.

A resolution, introduced by him, which was passed by a two-thirds majority, declared the convention opposed to the nomination of any candidate for president under obligation to J. Pierpont Morgan, Thomas F. Ryan, August Belmont or any of the "privilege seeking class."

The convention was thrown into a furore by the proposition which, as originally introduced, called for the withdrawal of both Ryan and Belmont, personally present as delegates from Virginia and New York, respectively. This part of the resolution was resented as invading the rights of sovereign states and when its full import became known boos and catcalls, jeers and hisses were mingled with handclapping, cheers and stamping of feet.

Representative H. D. Flood of Virginia dramatically characterized the proposition as "insolent" and said it came from "the only man who dared to destroy the Democratic party."

Situation Becomes Dramatic.

Former Governor McCorkle of West Virginia called it foolish. Mr. Bryan made the situation even more dramatic by asking Virginia and New York to request a modification of the resolution and when they scorned the suggestion he took the course himself. From that moment sentiment changed and the voting indicated that Mr. Bryan, as the exponent of progress, retained his hold upon Democracy.

Urged by the generally distributed information that the nomination of a presidential candidate would be made before the convention adjourned crowds of spectators began to file into the convention hall early. By 7:30 o'clock, half an hour before the hour fixed for the session, the galleries and the guest seats on the floor were filled and the spectators were beginning to crowd the aisles.

Many of the spectators in the galleries were again prepared for general demonstrations in favor of their candidates. Banners, lithographs and all sorts of noisemaking paraphernalia were carried into the hall by the early arrivals in the galleries. A cheering squad of Princeton students and alumni occupied seats. Squads of Clark supporters also took places in the gallery.

Society Blossoms Forth.

In the stage stand behind the platform where the officers and the speakers were placed Washington society blossomed forth. Wives and daughters of congressmen formed the greater part of the crowd in the stage stand. A half dozen seats in the front row were kept vacant for Mrs. Taft and her party.

Again a wave of heat struck the convention hall. Fans were in great demand and the pages distributed hundreds of them, furnished by various campaign managers and bearing the pictures of candidates for the nomination.

Not a coat was to be found in the hall by the time the delegates' seats began to fill up.

Extra police were on duty and tickets were closely scrutinized. William Jennings Bryan entered the convention hall shortly before 8 o'clock and as he made his way to the rear of the platform was cheered again and again.

At 8 o'clock all the doors of the armory were ordered closed by the police. Admittance to the galleries, which are temporary structures, was denied after that hour. Spectators were crowding all the aisles. Many ticket holders outside the armory clamored in vain for admittance.

Loses His Life in Dough Mixer.

New York, June 28.—Samuel Krampfer, a baker, lost his balance while at his work in a Harlem bakery and fell into a dough mixer equipped with revolving knives. He was cut to pieces.

MINNESOTA'S CHANCES ARE BRIGHT

North Dakota Governor Wins Favor for Vice Presidency.

Baltimore, June 28.—Governor Burke's chances of landing the vice presidential nomination have risen considerably since the decisive vote on the South Dakota contests. He has worked hard in Wilson's interest and his withdrawal from the presidential race to facilitate the move to Wilson has made him many friends.

NO PRIZE RING VERNACULAR

Democrats Don't Use It, Says Robinson, Endorsing Clark.

Baltimore, June 28.—Joseph T. Robinson, seconding the nomination of Champ Clark, said:

"The probabilities of victory have not impelled any Democratic candidate for the presidential nomination to intertemperate or bitter denunciation. For this they are all to be commended. Billingsgate can never become the chief argument of a Democrat who is worthy to be president."

"The Margulis of Queensberry rules and the vernacular of the prize ring, applicable to latter day Republican campaigns and conventions, have no place here."

RESOLUTION CAUSES  
TERRIFIC UPROAR

Text of Bryan Document Modified in Convention.

Baltimore, June 28.—This is the resolution which Mr. Bryan unexpectedly introduced in the Democratic national convention, creating a storm which exceeded in volume and acrimony any storm at the recent Republican convention in Chicago.

The startling thing about it was that two of the men of "big business," which the resolution named as seeking to make the Democratic nominee for the presidency their "bond slave," sat in the convention as delegates—Thomas F. Ryan and August Belmont. In his speech on the resolution Mr. Ryan did not hesitate to speak plainly his thoughts about these men.

"Resolved, That in this crisis of our party's career and in our country's history, this convention sends greeting to the people of the United States and assures them that the party of Jefferson and Jackson is still the champion of popular government and equality before the law. As proof of our fidelity to the people, we hereby declare ourselves opposed to the nomination of any candidate for president who is the representative of, or under any obligation to, J. Pierpont Morgan, Thomas F. Ryan, August Belmont or any other member of the privilege hunting and favor seeking class; be it further

"Resolved, That we demand the withdrawal from this convention of any delegate or delegates constituting or representing the above named interests."

LET PEOPLE DO CHOOSING

Bryan for Selecting National Committee by Popular Vote.

Baltimore, June 28.—If the recommendation of the committee on resolutions is adopted the Democrats of the various states will elect the members of the national committee by popular vote. A proposition to this effect was made in the committee and met with general approval. It was decided to present the subject in the form of a separate resolution and not to incorporate it in the platform.

The members of the national committee are selected now either by the delegates to the national convention or by the state conventions at which they are chosen. It is believed that this method of proceeding gives too much power to a small body of men and it is urged that the committee men selected by the people themselves will be far more representative in their character.

It is understood that Mr. Bryan will present the subject to the convention.

Japanese Warship Wrecked.

Tokio, June 28.—The Naniwa, which was the flagship of Admiral Togo in the China-Japan war in 1894, has been wrecked off the Kuril Islands, in the North Pacific. All the crew were saved, but the vessel is a total loss.

COMMITTEE HAS  
PLATFORM READY

Flat and Positive Declaration for  
Tariff for Revenue Only.

STRONG AGAINST MONOPOLY

Advocates Federal Control of  
Mississippi River Work.

Baltimore, June 28.—The platform to be adopted by the Democratic convention was under consideration during the entire day, first by Mr. Bryan and Senator O'Gorman of the resolutions committee, later, by the subcommittee of eleven, of which Mr. Kern of Indiana is chairman, and in the end by the full committee representing all of the states of the Union and their subdivisions.

Immediately after their task was assigned to them Messrs. Bryan and O'Gorman shut themselves up in the committee room, doffed their coats and collars and continued until about 6 o'clock, when they announced that their work had been completed.

The full subcommittee was called in at that hour and immediately began a careful reading of the document. The members of the subcommittee found little ground for criticism, all of their corrections being merely verbal. They were sufficiently satisfied with the situation to announce a meeting of the full committee to have that organization pass judgment upon the work of the subordinate organization.

The excitement in the convention caused members of the committee to delay the meeting of that committee. As has been announced the platform is a flat and positive declaration for a tariff for revenue only, but there is no pronouncement in favor of free raw materials. The tariff plank comes immediately after a general declaration of Democratic principles, with which the document opens. There are strong paragraphs against monopoly.

Pledges River Improvements.

The platform pledges sufficient federal aid to maintain a navigable channel in the Mississippi river and advocates federal control of all Mississippi river improvements. The plank was prepared by Senator Elect Vardaman of Mississippi and Representative Broussard of Louisiana. It reads:

"We hold that the control of the Mississippi river is a national problem. The preservation of the depth of its water for the purpose of navigation, the building of levees to maintain its channel impose an obligation which must be carried by the general government."

"To maintain adequate depth of water the entire year round and thereby encourage water transportation presents an issue essentially national in its character."

"The magnitude of the problem is such that it stands in a class by itself and calls for prompt, separate, independent action on the part of congress and the Democratic party pledges itself to the enactment of legislation looking to that end."

Conservation of the natural resources is recommended, but the party is pledged to a policy that will not drive settlers from our Western states to other countries. This plank is made applicable to Alaska as well as the United States proper.

## DIXON MEETS PROGRESSIVES

Plans for Launching New Party Well Under Way.

New York, June 28.—Following Colonel Roosevelt's declaration at Oyster Bay that he personally would lead the new progressive party and that no compromise leader would be acceptable to him, Senator Dixon held conferences at the Hotel Manhattan with progressive leaders from several states.

During the day there was a conference in the senator's rooms, participated in by George W. Perkins, Comptroller Prendergast, Frank A. Munsey and others.

Dixon said that plans for the formal organization were well under way, but he would make no statement or comment on Colonel Roosevelt's assertion that he accepted the Orchestra hall nomination in good faith and had no intention of abdicating in favor of any other progressive leader.

## SENTENCE PRINCESS' SLAYER

Italian Nobleman Gets Life Term for His Crime.

Rome, June 28.—Baron Vincenzo Paterno, a former cavalry lieutenant in the Italian army, was sentenced to life imprisonment for the murder of Princess Giulia Trigona di Sant'Elia, lady in waiting to Queen Helena, on March 2, 1911. The court ordered that Paterno be placed in solitary confinement during seven years of this term. The condemned man, who several times has attempted suicide, collapsed when sentence was pronounced.

Horse Drags Boy to Death.

Denison, Ia., June 28.—Samuel Smallfeldt, the nine-year-old son of Mr. and Mrs. Smallfeldt, was killed here when the horse he was riding ran away. The lad's foot caught in the stirrup and the frantic horse dragged him through the street for three blocks.

NEW YORK CAUCUS  
DECIDES ON HARMON

Delegates Have Heated Session  
on Presidential Question.

Baltimore, June 28.—After a heated caucus that lasted over an hour the New York delegation decided, practically unanimously, to cast its vote on the presidential ballot for Harmon.

The caucus was held before the night session of the convention began. It was called at 7:35 and while the convention was noisily considering the Bryan resolution directed against Morgan-Belmont-Ryan delegates the New York delegates fought bitterly over the presidential question.

Three times while the caucus was in progress and the Bryan fight was engaging attention on the floor, National Committeeman Mack hurried, hot and excited, to the room where the New York members met, to urge them to hurry to the floor. But the discussion in the caucus was too bitter and they continued to consider their own troubles. Not until 8:40, when the roll call on the Bryan proposition was ordered, did the New York delegates emerge, sweating and fuming, from the conference.

"Unanimous for Harmon," was the chorus they chanted as they hurried to their seats on the floor.

Representative William Sulzer, who entered the caucus for a short time to urge the cause of Champ Clark, came out looking rather discouraged.

## ADOPTS MINORITY REPORT

Convention Reverses Credentials in South Dakota Case.

Baltimore, June 28.—The Democratic national convention was thrown into disorder by conflicting demonstrations by the supporters of Wilson, Clark and Underwood. The outburst started during the speech of Theodore Bell of California, who closed the debate for the majority report of the credentials committee concerning the seating of the South Dakota delegation which had been contested.

When Bell had concluded the call of the roll was begun on a question of substituting the minority, or Wilson report, for the majority, or Clark report. The vote resulted:

Ayes (for Wilson), 633½; nays (for Clark), 437. Not voting, 15. Absent, 2. Philipines 6 votes excluded. The South Dakota delegation was not called, being involved in the contest.

## WHIRLED AWAY IN MILL RACE

One Man Dead and Three Have Narrow Escape.

Minneapolis, June 28.—Carried more than 1,000 feet through the tunnel of the main mill race at St. Anthony falls Alec Larson, a workman employed to keep logs and drift out of the race, was drowned. Three other workmen who were precipitated into the swiftly running canal with Larson when the scaffold on which they were working collapsed were rescued after being shot more than sixty feet in the current through the race tunnel under a building. Larson clung to a water soaked log, floating under the surface, and was nearly ninety minutes going through the tunnel.

## HANNA LEADING BUCHANAN

Fargo Man May Secure North Dakota Nomination.

Grand Forks, N. D., June 28.—Running wild on the Missouri slope, in the northwest and in many of the central counties, where earlier returns had indicated majorities for his opponent, Representative L. B. Hanna of North Dakota overcame the apparent lead of J. A. Buchanan, and appears to have been the victor in the Republican gubernatorial primary with a plurality over the Stutsman county man of between 1,400 and 1,800.

Hanna's strength has been surprising and every hope of the Buchanan forces, stirred up on the face of the earlier returns, has been shattered by the run made by the Fargo man.

NATIONAL COMMITTEE CHANGES

Two Birds of Democracy, the Rooster and the Eagle—A Politician With a Poetic Alias and a Practical Job—A Naval Object Lesson.

By ARTHUR W. DUNN.

Baltimore, June 28.—[Special.]—The rooster is coming into his own in Baltimore. Democrats of Howard county, adjoining the city, have brought 150 gamecocks to town for display in a huge cage in the street in front of the Belvidere hotel, headquarters of the national committee. Be it known for the benefit of those who are accustomed to the Democratic donkey that the rooster was the original emblem of the party. "If you remember the Tilden campaign you will remember the rooster," said Committeeman Wood of Michigan. "In those days every newspaper carried the rooster as a character in its type fonts."

"Eagles Gathered Together."

The Eagles scream at this convention. Among the big men of this fraternal order to be seen in the armory and hotel corridors are John J. Fitzgerald, who heads the Rhode Island delegation; Homer S. Cummings, national committeeman and delegate at large from Connecticut; "Big Tim" Sullivan of New York, John J. Kennedy of Buffalo, William J. Brennan and John O'Toole, delegates from Allegheny county, Pa.; Thomas J. Cogan and Edward J. Moore, delegates at large from Ohio, and Theodore A. Bell of California.

Baltimore will boast of having the first entirely fireproof convention hall, because everything used in the decoration is made of fireproof material.

Battleships in Attendance.

The Democratic national convention has in view of the great assembly hall four of the greatest battleships in the United States navy—namely, the Louisiana, the Kansas, the South Carolina and the New Hampshire. The Baltimore authorities some time ago, in view of the convention, asked the secretary of the navy to send some ships to the harbor. Mr. Meyer, who is strong for object lessons on public questions, agreed at once and selected the great ships to "attend the convention." No such delegates have ever gone to a convention to illustrate a big question of naval policy as the splendid warships which will be on hand to plead their own cause with the Democracy. It is something of an innovation, too, in national policies to order warships to a national convention. The same provision would probably have been made for Chicago had there been sufficient water in the St. Lawrence river.

Retiring Committeemen.

Many of the national committeemen who surrender their positions at the close of this convention are among the most prominent political leaders in the country. They have been on the committee a decade or more, some of them as long as twenty years. This year about two-thirds of the members of the committee will retain their places.

There will be a new committeeman from Arkansas to take the place of Guy B. Tucker, one from California to succeed Nathan Cole, Jr., and one from Colorado to succeed Alva Adams. These men have been on the committee a number of years. Roger Sullivan of Illinois, who is one of the best known political leaders in the party, will no longer be a national committeeman. Four years ago Sullivan wanted to get away from the committee. His business interests in Chicago are of such magnitude that he cannot afford to give the time required of him to the duties of a national committeeman. He will be succeeded by Charles Boeschenstein.

Urey Woodson, who has been a member of the committee for sixteen years, and eight years its secretary, will be succeeded by John C. Mayo, considered the wealthiest man in Kentucky. There was a hot battle waged by the Kentucky state convention in the selection of a national committeeman, and when the votes were counted Urey had lost.

Colonel J. M. Guffey, the war horse of Democracy, will not be on the committee after this year. When the committee met in Washington last January to decide on the place for the national convention efforts were then made by an anti-Guffey faction of Pennsylvania to oust Colonel Guffey from the committee, but they failed. However, he will now be succeeded by A. Mitchell Palmer.

Reilly's No Poet.

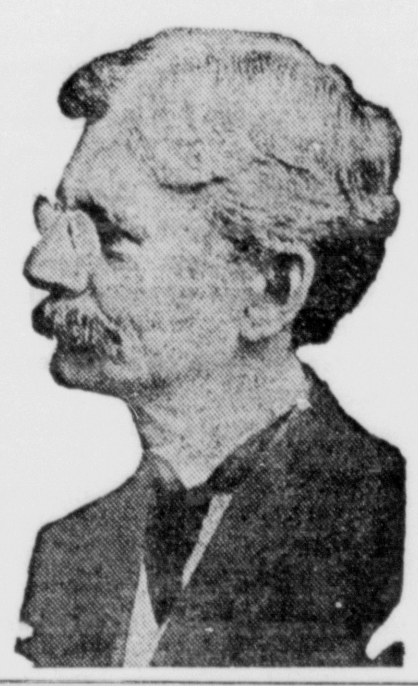

James Whitcomb Reilly, Chairman Mack's secretary, has his usual experience of explaining to new acquaintances that his calling is politics, not poetry. Any one familiar with the characteristics of both would say at a glance that Mr. Reilly was at least 100 pounds too heavy for a poet and tipped the beam at almost the ideal weight for a politician. He has lost several pounds, though, during the strenuous days in which he has been in receipt of from 500 to 1,000 letters daily, begging or demanding anywhere from five to fifty seats for the convention.

A wise philosopher gives us this advice: "Tell the truth to at least three men—your doctor, your lawyer and your banister."

Hass-Bluhm

A wedding that was as pretty as it was simple took place at the home of Mr. and Mrs. Jacob Hass, 308 Second avenue, Northeast, on Wednesday evening, June 26 at eight o'clock when their daughter, Miss Lillian, became the bride of Arthur T. Bluhm. Rev. A. Zabel of the First Evangelical church read the marriage ceremony, after which an original poem by Rev. Zabel was read.

The bride was accompanied by Miss Marie Hass, sister of the bride, and Miss Lydia Groenig, cousin of the groom and Fred and Henry Hass, brothers of the bride. The rooms were decorated with ferns and wild roses.

The bride wore a gown of white silk voile trimmed with baby Irish lace and she carried a bouquet of bride's roses and lilies of the valley.

A dainty wedding supper was served at the home of the bride at 8:30 o'clock. The couple will leave for Bertha, Minn., the home of the groom on Friday where they will be given another reception. On Monday they will leave for Luverne, N. D., where they will make their future home. Among the guests were Mrs. Albert Rehs of Winona and Miss Lydia Groenig of Paynesville.

Their many friends wish them continued happiness and prosperity, in which good wishes the Dispatch heartily joins them.

The bride was attired in imported batiste and carried a shower bouquet. Following the ceremony a lunch was served to the relatives and assembled guests. Miss Robertson is one of St. Cloud's popular young ladies, having lived here most of her life, during which time she has gained the friendship and esteem of a large number of acquaintances, who will extend their best wishes for much happiness and prosperity. Dr. Nelson is a prosperous veterinary surgeon at Brainerd, at which place the new couple will reside in the future. ## N. P. DONATES 20 CARS OF GRAVEL

Unprecedented Action on the Part of the Northern Pacific Appreciated by Deerwood

GRAVEL TO IMPROVE STREETS

Right of Way Being Cleared for Cuyuna Northern Railway—News of Interest

Deerwood, Minn., June 28—When Deerwood wished to place gravel on its streets and thus give them a firm foundation, Culver Adams made a motion in the village council that application be made to the Northern Pacific railway for some gravel and that the village clerk, Julius Hage, be asked to write the railway officials about the probable cost. And the town was more than surprised when the railway company, which is at present operating a steam shovel in the vicinity of the town and is cutting down hills and reducing its grade, willingly donated 50 cars of gravel to the town. Every citizen has a warm spot in his heart for the Northern Pacific railway. The gravel will do away with muddy roads and streets in Deerwood and the donation of the Northern Pacific railway will go down in Deerwood history as being one of the best and kindest acts a great corporation ever did to any town on its line. It is being brought in at the rate of two cars a day.

Teams and men are arriving in Deerwood and the work of cutting out the right of way of the Cuyuna Northern railway from Deerwood to the Cuyuna Mille Lacs Co. mine will soon be in progress. The road must be completed before September 1, at which time the company will ship ore.

Mrs. R. B. Dear, of Washington, D. C., has arrived at Deerwood and is spending the summer at her cottage on Serpent lake.

J. J. Waffensmith, of Bay Lake, has samples of clover standing 36 inches high on exhibition at the real estate office of J. A. Stetson. The quality of clover he has raised is a sure indication that Crow Wing county is the big red clover country of the state.

Deerwood will have a modest celebration on the Fourth of July, intended mostly for home people. Of course, the stranger within the hospitable gates of Deerwood will be welcome also. On the financial committee are Editor A. H. Carlisle and O. C. Coffin and they have raised a fund of about \$135. There will be a picnic in the village park, addresses by Rev. LaRoe and Dr. Wm. Reid, a ball game between Aitkin or Cuyuna and Deerwood. The Deerwood village band will render a concert program during the day.

Miss Ethel Olson gave a party on Wednesday evening.

J. A. Stetson has bought a steel launch from the Ingalls Motor Boat Co.

## CUYLER ADAMS OF DEERWOOD Cuyuna-Mille Lacs Co. Mine Visited and Cuyuna Northern Railway Extension Route Examined

President Howard Elliott, his son Howard Elliott, Jr., and Vice President Hannaford of the Northern Pacific railway, visited the Cuyuna range and spent a whole day in examination of the exploration work and mining work being carried on in the district tributary to Oreland, Deerwood, Crosby, Ironton, Manganese, Cuyuna and Ironhub, the party being taken on their tour of inspection by Cuyler Adams who drove his auto over the district and also along the route planned for the extension of the Cuyuna Northern railway from Deerwood to the Cuyuna-Mille Lacs Co. mine.

The party spent two hours at this mine and inspected all its workings. The Cuyuna Northern railway company is under contract to lay the rails and have in operation the railway which is to connect the Cuyuna-Mille Lacs Co. mine with the Northern Pacific, all to be in readiness by September first.

The last of the boilers have arrived at the mining company's power house and are being placed in position. C. B. Rowley, of Brainerd, has the contract laying the brick work for the big smokestack and for the boilers.

Horses and grading outfits are arriving at Deerwood and work has commenced on the right of way. M. W. Barnard and James Barnard, of Minneapolis, have the grading contract. They are pitching their tents near the John Engman farm near Deerwood. The right of way is also being cleared at Crosby Beach.

With matters being carried on in this expeditious manner, the railway will soon be completed and the Cuyuna-Mille Lacs Co. mine is in a fair way of realizing its ambition of being the first mine to ship ore over the Northern Pacific railway.

The business car of the president of the Northern Pacific was sidetracked at Deerwood. In the evening the party were entertained at dinner by Mr. and Mrs. Cuyler Adams. The car was attached to the midnight passenger and returned to St. Paul by way of Staples.

A special to the Duluth Herald from St. Paul announces that the state board of control has returned from an inspection of the state sanatorium for consumptives near Walker and stated that the superintendent of the institution, Dr. L. H. Ohllinger, has resigned on account of ill-health, and his resignation has been accepted.

The board has made no decision as to his successor, and is awaiting recommendations from the advisory board of physicians. Dr. Ohllinger was appointed superintendent early in 1911, succeeding Dr. W. J. Marley.

The board found the sanatorium in good condition. In the inspection party was C. O. Johnston, state architect, who made investigations on which the board will recommend changes and additions to the next legislature.

Unity Band to Lease Ingalls Motor Boats For Day—Special Train to Deerwood

Arrangements are being perfected for a monster union picnic of Odd Fellows at Serpent lake for the latter part of July. The local lodge has appointed a committee of which S. V. Long, of Northeast Brainerd, is the chairman.

It is the purpose to have the Odd Fellows of Brainerd, Deerwood, Aitkin, Cuyuna, Crosby, Ironton, Manganese, Ironhub, Oreland and Barrows unite in giving and attending a large picnic. The Unity Band is making arrangements to lease the Ingalls Motor Boat company launches for the day.

The bands of Aitkin and Deerwood are also expected to take part. There will be band concerts galore; dancing on the big barge, "Chippewa" of the motor boat company; a special train to take the delegation from Brainerd to Deerwood; games and amusements of all kinds.

The committee in Brainerd is going over the details and endeavoring to perfect the arrangements which will guarantee the holding of this big Odd Fellow picnic. The exact date has not been agreed upon. It is hoped it will occur as it will do much to cement the good feeling now existing between the different towns and communities on the Cuyuna range.

## WATER & LIGHT BOARD

Routine Bills Allowed at the Regular Monthly Meeting—An Opinion From City Attorney

President M. T. Dunn, Commissioner Mons Mahlum and the secretary, Wm. Nelson were present at the regular monthly meeting of the water and light board. A letter from the city clerk was read regarding a credit of \$1,600, electric light bond interest, which was paid out of the general fund. The \$40,000 electric light bonds are held by the state and interest is charged directly against the city in the shape of taxes. This credit of \$1,600 on the part of the city has been applied on the delinquent electric light bill which the city owes the water and light board. In another communication the council gave the water and light board authority to install four ornamental lamp posts at the postoffice square.

In an opinion of City Attorney M. E. Ryan regarding the making of payments to the Toltz Engineering Co., he stated the board should so continue and disregard the National Heat, Light & Power Co., until the council ordered otherwise.

Where meters have been installed, the board ordered all private fire protection water pipes, etc. connected with the meter.

The regular monthly requisition of supplies was ordered purchased in the usual way. The routine bills were allowed and ordered paid. The secretary was authorized to sign a transformer contract with the General Electric Co.

Brainerd Plays Royalton Here Sunday—Bush Pitches Winning Ball at Missoula June 23

Business Manager D. A. Peterson, of the Brainerd baseball team, announces that the team challenges any city team for a game at some date to be determined upon and the net proceeds to go to the fund for the erection of a band stand in Gregory park. This is a most commendable enterprise and shows that two agencies which are doing much to advertise Brainerd are working in harmony and trying to be of mutual assistance. The new Elk team may decide to measure its strength against the city team.

So many criticisms have been leveled against the Brainerd team and suggestions made about hiring outside players that Mr. Peterson calls the attention of the fans to the following article in the by-laws of the Central Minnesota baseball association: "Article 6. Thirty days after the opening of the playing season a roster of all players which shall not include more than two non-resident payers, shall be submitted to the secretary by each club manager. This shall constitute the personnel of the teams with the exception of emergency cases approved by the board of directors."

Cook and Rogers are the non-resident members of the Brainerd team. As Brainerd is the leading team it cannot ask any favors in the way of straining the by-laws and cannot add any more non-resident players. It has its full quota now.

The Brainerd team is practicing evenings and doing all it can to erase the bad impression created by last Sunday's game. They promise no repetition of such a series of errors as was made at that time. No one will deny the fact that three hard fought games within six days in addition to doing their regular work in shops or office is a hard task for any team.

Brainerd plays Royalton at the Koering field on Sunday afternoon and a good, clean game is promised, one in which Brainerd will play in its old time, winning way.

Leslie Bush continues to make good in Montana and on June 23 pitched the Missoula team to victory in a hard fought game with Salt Lake. The first game of that day's double header was lost by a 9 to 5 score, the pitchers being Zamlock and Quick. The second game was pitched by Bush who was in his best form and fanned nine batters. Pitchers Morgan and Jensen opposed him and both together were not the equal of Bush, striking out only 8. The Salt Lake team touched up Bush but one time, in the third inning, when two runs were secured.

Tubalkane, who manufactures short verse for the baseball page of the "Daily Missoulian," has the following to say of the games:

We'll not touch on the first affair,

It still grates on our nerves;

But remember the sun got Zamloch,

And spoiled the boy's best curves.

But when you speak of yesterday,

Raise up some mighty shouts;

And think of the way Bush let them down,

With just five measly clouts.

In the notes of the game the "Daily Missoulian" states: "Bush performed brilliantly. The Highlanders fielded perfectly behind Bush. Bush whiffed Bauer, Fortier and Deveraux in a row in the sixth inning."

To show that Missoula, Mont., hasn't the only clinch on the verse manufacturing business, the following lines are added in appreciation of the "Missoulian's" poet laureate:

Old Tubalkane is a mighty man,

To hammer out some baseball verse.

His "pome" is read by every fan,

His stuff's red hot and not so worse

Little Falls plays at Crosby on Sunday, June 30. Benton County has an open date.

At the recent meeting of the board of directors attended by M. E. Ryan all of St. Cloud's dates were declared open dates; this team having severed its connection with the league.

St. Cloud is no longer in the Central Minnesota league. At the opening of the season St. Cloud was considered the best city, financially in the association. Fans of the salty city subscribed but \$152 for the support of the team. The attendance at games was poor and not enough to pay expenses. Altogether Manager Thielman, it is stated, is \$222.97 in the hole.

St. Cloud, according to the St. Cloud Journal Press, is maneuvering to get Benton County to withdraw. The plan is like this: "The Benton County team is to leave the league and play a series of five games with the St. Cloud team and from the members of the two teams a joint aggregation is to be picked to play Alexandria and other teams now playing independent ball in the state."

It's cool at Merrifield.

## RESOLUTIONS

We the members of the resolution committee recognizing the faithful and efficient work that has been done by the officers and members of the Crow Wing County Sunday School association desire to offer the following resolutions:

First, we wish to approve the excellent standard that has been set as a goal for the Sunday schools of the county and also for the efficiency of the schools in reaching that standard. The standard of excellence for the year 1912 is higher than for any previous year and this high standard has been adopted for the coming year by the county.

Second, we wish to commend Rev. S. M. Dick, D. D., of Minneapolis, for the excellent service he has rendered to us by his presence with us and for the stirring addresses he has made. His message on the "Responsibility of the Parent and Teacher" shows that he is aware of the tremendous importance of these great factors of the child life. We hope we may have him with us at our next annual convention.

Third, we wish to express our appreciation to Dr. R. C. Bowden, of Duluth, for the valuable advice and suggestions he was able to give us in the morning conference and also for his address on the "Organized Sunday School."

Fourth, we wish to thank Mr. A. M. Locker, the state secretary for his helpfulness in the convention. We appreciate his great effectiveness for Sunday school work which makes him especially valuable in any convention.

Fifth, last and best however, we wish to express our appreciation of the splendid and consecrated services rendered by our president, Dr. Joseph Nicholson and his associates. We believe that it is to them largely that the success of this present convention had been brought about. Dr. Nicholson had given of his time, strength and means to bring the Sunday schools to their present high standard. For the picnic lunch to the delegates served at the home of Dr. and Mrs. Nicholson Tuesday evening, we wish to give them special thanks.

To the ladies who served lunch in the church basement, to those who entertained at their homes, to the members and officers of this beautiful church who have so cordially welcomed us and to all who in any way have contributed to the success of this convention, we wish to accord our thanks and appreciation.

To the local press and especially the Brainerd Dispatch for so willingly publishing the news of the convention we feel ourselves obligated and desire to express our thanks.

Much of the success of our meeting together has been to the liberal advertising furnished us.

Respectfully submitted,

W. J. HORNER,

MRS. E. K. PAMERS,

W. A. DUNING.

The child is such a jolly, good-natured picture of splendid health and example of good and successful feeding that I cannot help but send you a picture of him, with our compliments. Allow me again to thank you for your courteous treatment and substantial kindness. I am prescribing Mellin's Food in my practice and only recently secured some remarkable results in a case. ## NEW FEATURES INTRODUCED

Game of Baseball on the Water—Other News of Crosby, Social and Business

Crosby, Minn., June 28—Crosby will celebrate the Fourth of July in a most appropriate manner. There will be two league games between Crosby and Royaton and Crosby expects to win both of them. The tennis tournament will attract teams from Brainerd, Aitkin and other points. The aquatic sports will include motor boat racing, rowing, swimming, log rolling, jousting and many other contests. In the evening there will be a grand display of fireworks. The Ingalls Motor Boat people will be able to accommodate the crowd, no matter how large it is.

Of particular interest will be the game of baseball played on the water. The pitcher and catcher and batter will stand on a long raft. The men holding down the bases and the field will stand on small rafts anchored in the deep water. When the batter hits the ball he will dive from the raft and swim to first base. The ball used is a four inch rubber ball. Dr. W. R. Beardsley will captain one team and W. A. Gault the other.

The residence of John Bebee in Crosby Beach, worth \$2,000 and insured for \$1200, burned to the ground on Monday afternoon. All its contents fell a prey to the flames. There was no insurance on the furniture. The origin of the fire is unknown.

E. G. Ingalls is smoking an imported calabash pipe. In rainy weather he has had to hold an umbrella over it or the bowl will gather too much water.

F. A. Lindbergh's building is about ready to be plastered.

The three months' old baby of Mr. and Mrs. James Nelson died on Tuesday.

A 106 foot flag pole is to be erected in time for the Fourth.

Crosby played a picked nine from Cuyuna and Aitkin and beat them 24

to 0 last Sunday. Lyle first pitched for Crosby and later Hagen took up the work of twirling and neither pitcher had to extend himself. Not a peep has been heard out of Cuyuna since the game.

Nine houses are being erected by George H. Crosby in Lake Park division.

Fifteen acres of the Crosby experimental farm have been planted with potatoes, the "Early Ohio" and the "Burbanks." Thirty varieties of apple trees have been set out and the object is to show the farmers what fruits and crops are best adapted to Crow Wing county soil.

Mr. and Mrs. Chester D. Tripp, of Chicago, are at Crosby for the summer.

## PINE KNOLL

Only a few of the "Silly Bunch" had to walk home from the ball game Sunday, and they had a very good excuse for doing so.

Mr. and Mrs. Baker called at Oscar Harrison's Sunday.

Peter Wagner transacted business in Aitkin Monday.

Bennie Keeler spent Sunday evening and Monday forenoon at Pine Knoll.

Myrtle Welton returned home Saturday after spending the past week with Terry's and Lord's.

Mrs. Terry is spending a few days with her daughter, Mrs. Harrison.

Town board met at Ellis' Monday.

Earl Welton went to Aitkin Thursday to see the circus, returning home late at night.

Ben Welton called at Terry's one day last week.

"Well, good night, folks."

KIDDO.

## ROSS LAKE RIPPLES

Don't forget the picnic at Ross Lake July 4th. Ball game, races and dancing in the evening. Everybody invited. Bring your dinner and eat under the trees.

Miss Leona and Mary Kershaw of Wyocena, Wisconsin, are the guests of their cousin, Miss Islay Simpson.

Miss Laura Watson returned to Aitkin Thursday after a two weeks visit with friends at Ross Lake.

H. R. Keeler left for Lake Benton Thursday to stay a few months.

Mrs. M. Simpson and children went

to Aitkin Thursday to visit friends a few days.

The Ross Lake and Mud Brook ball teams played at Mud Brook Sunday, the score being 19 to 11 in favor of Ross Lake.

Misses Chleo Terry and Esther Johnson and Webster Welton, Carl Leonard, Earl Welton and Edwin Wenzel, of Pine Knoll, attended the game at Mud Brook Sunday.

The "Noisy Bunch" of Ross Lake, went over to root for the home team.

The town board meeting was held at Keeler's on Monday, June 24th.

Hiram Woodson was at Mud Brook Sunday.

**The Difficult Persian Tongue.**  
Of the difficulties in the language of Persia a traveler writes: "The words one uses in a letter are almost entirely different from those used conversationally, and those in an ordinary prose history are again different. Then it is almost impossible to distinguish the tenses and, lastly, the adjective is generally indistinguishable from the substantive, and the link between an adjective and the term which it qualifies is the same as the sign of the possessive. For instance, the text 'This is my beloved son' may be read in the Persian Bible 'This is the son of my beloved' without the slightest violence to the grammar."

**Courage.**  
"Is he a man of courage?"  
"Yes, indeed."  
"What makes you think so?"  
"He's got nerve enough to suggest breaking up a poker game when he's ahead."—Detroit Free Press.
